

Press Release: I Know First Co-Founders Invited To Speak At AI In Finance Summit

July 15, 2018

Both I Know First co-founders have been invited to speak at this year's [AI in Finance Summit](#). The summit will take place in New York City on September 6-7, 2018.

CEO Yaron Golgher and Chief Scientist Dr. Lipa Roitman will discuss the implications of AI on decision making, one of I Know First's specialties.

DAILY MARKET FORECAST

JPMORGAN CHASE & CO.

The [I Know First Machine Learning Algorithm](#) implements AI in order to identify market opportunities and provide forecasts for thousands of assets. Therefore, it is only logical that I Know First can testify to the beneficial impacts of utilizing AI to optimize portfolios.

“We are very excited to be able to discuss the positive effects of integrating AI and finance,

listen to the other phenomenal speakers, and connect with other industry leaders” says I Know First CEO Yaron Golgher.

Mr. Golgher and Dr. Roitman will be in good company at the summits; over 30 speakers are slated to give presentations with over 200 expected to attend.
